- Intermediate, St. George's College, Agra (88.6%)

Completed in 2019

### About Me

Enthusiastic frontend developer proficient in Java, C, HTML, CSS, and JavaScript, with hands-on experience in React.js and Node.js. Skilled in Java coding and adept at crafting engaging user interfaces. Leveraging MongoDB for efficient data management, passionate about delivering seamless user experiences, and eager to contribute to innovative projects in a collaborative environment.

### Projects

#### Weather Application

- Developed a dynamic weather application using JavaScript that seamlessly integrates with a weather API, providing real-time weather updates.
- Created using HTML, CSS, and JavaScript.

#### E-commerce Website

- Crafted an e-commerce platform, optimizing user experience and implementing robust payment gateways for seamless transactions. Enhanced site responsiveness across devices, driving substantial sales growth and customer satisfaction.
- Created using HTML, CSS, and JavaScript, Node.js, MongoDB.

#### Portfolio

- Created using React JS
